General First Aid Measures If medical attention is required then provide product label or safety data sheet to a medical professional.

Most Important Symptoms Redness, tearing, irritation, and burning sensation of the eyes

If Inhaled Move person to fresh air and keep comfortable for breathing. Administer artificial respiration if person is not breathing. Seek medical attention if symptoms develop.

If on Skin Wash with soap and water. Take off contaminated clothing and launder with detergent before reuse.

If in Eyes Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Rinse for at least 15 minutes to ensure proper flushing of material from eye.

If Swallowed Do NOT induce vomiting unless instructed to do so by a trained medical professional. Drink plenty of water.
